

## Updated CoC APR Programming Specifications (3/25/11)

[Updated CoC APR Programming Specifications](#) have been posted on the HUD HRE ([www.hudhre.info](http://www.hudhre.info)).

Modifications to this document are:

- Addition of *Other* category to the tables in question 15: Gender; and
- Revised *LengthOfStay* calculation for services only programs under the global variables.

The CoC APR needs to be fully implemented into HMIS software by June 1, 2011. Modifications that are reflected in this document must be made to the CoC APR programmed into HMIS software.

### Questions?

All questions about the APR Programming Specifications and other APR topics should be submitted to the HUD HRE Virtual Help Desk.
