

Beyond HUD-VASH: Ending Veteran Homelessness
Webinar to be held Wednesday, May 23, 3 p.m. EDT
May 17, 2012

Veteran homelessness declined by 12 percent between 2010 and 2011. In order to build on this momentum and achieve the goal of ending Veterans homelessness by 2015, the United States Interagency Council on Homelessness (USICH) is calling on communities to develop a Veteran-centric approach that uses all the available resources to help our Veterans. USICH is hosting a webinar to share advice from successful efforts on how to develop a comprehensive approach that effectively brings the resources available to Veterans in need to improve housing and life outcomes.

Panelists include:

- USICH Executive Director Barbara Poppe
- Veterans Health Administration's National Director of Homeless Programs Lisa Pape
- Director of the King County Committee to End Homelessness Bill Block
- Arizona Coalition to End Homelessness' Executive Director Joan Serviss

The webinar will be held Wednesday, May 23, at 3 p.m. EDT. To register, [click here](#).
