Homeless Management Information Systems Rule

January 6, 2012

On December 9, 2011, HUD published the proposed Homeless Management Information Systems. The rule provides for:

- Uniform technical requirements of HMIS
- Proper collection of data and maintenance of the database
- Confidentiality of the information in the database

This proposed rule sought **public comments** on these standards. HUD will review all comments submitted and use the comments to consider changes for the final rule.

Public comments are due Tuesday, February 7, 2012.

To read the proposed regulation, please visit

http://www.hudhre.info/documents/HEARTH_HMISRequirementsProposedRule.pdf .

Submit your comments on the proposed rule electronically through the

<http://www.regulations.gov> website. Please follow the instructions provided on that site.
