

**FUNDS COMMITMENT DEADLINE**  
**FY2010 ESG GRANTEES**  
**ALL FY2010 ESG funds must be committed in IDIS by**  
**Friday, September 9, 2011**  
**August 11, 2011**

**IMPORTANT NOTICE TO ESG GRANTEES – PLEASE READ CAREFULLY!**

As HUD and ESG grantees prepare for implementation of the Emergency Solutions Grants program, it is critical to understand how ESG funds are currently being used within each jurisdiction. Grantees must identify, in IDIS, the total amount of FY2010 Emergency Shelter Grant funds they intend to use for each of the current allowable ESG activities: homeless assistance, homeless prevention, and administration. HUD will use FY2010 Emergency Shelter Grants funds committed (e.g. funded in activities) in IDIS for its analysis of current activities, as a basis for understanding and establishing activities in the Emergency Solutions Grants program.

**ESG grantees must commit all FY2010 Emergency Shelter Grants fund in IDIS by Friday, September 9, 2011.** ESG Grantees that have already committed all of their FY2010 Emergency Shelter Grant funds in IDIS should ensure that the funded amounts for each activity in IDIS are correct.

Please review [Using IDIS Online for the Emergency Shelter Grants Program](#) for instructions on activity set up and funding of the FY 2010 ESG allocation in IDIS.

**REMINDER!**

All activities for the **FY2011 ESG allocation** must be set up in IDIS using the new **HESG screens**. Detailed instructions for setting up FY2011 ESG activities in IDIS are provided in [Using IDIS Online for the Emergency Solutions Grants Program](#). HUD encourages ESG grantees to carefully review this guidance document.
