

HUD Announces:

- **HPRP REPORTING IS LIVE IN *e-snaps***
- **QPR Training Available on HUD HRE**

The Training Guide for QPR Reporting in *e-snaps* is available in the “What’s New” section of HUD’s Homelessness Resource Exchange (www.hudhre.info). The Training Guide reviews definitions and gives step by step instructions on registering in *e-snaps* and accessing HPRP Reporting in *e-snaps*. HUD encourages all HPRP grantees to review the Training Guide before attempting to enter data into *e-snaps*. It is important to understand that the first Quarterly Performance Report (QPR) includes information that will not be collected at a later date and is also called the Initial Performance Report (IPR). Grantees will complete one report in e-snaps -- the QPR and IPR are combined for this reporting period.

HPRP Reporting is live in *e-snaps*. HPRP grantees may enter data for the first QPR for the period July 1, 2009-September 30, 2009 immediately. HUD reminds HPRP grantees that the first QPR must be completed and submitted in *e-snaps* by October 10, 2009, but grantees have 25 days to make corrections to the QPR.

NOTE: All grantees must submit an IPR/QPR even if no HPRP funds have been expended and/or no program participants have been served during the reporting period.
