

## **HPRP APR – Delayed Opening**

**October 3, 2011**

HUD has encountered a technical issue with the release of the HPRP APR in *e-snaps*. We are currently working to address the problem, but it may take several days. We will notify HPRP grantees via this listserv when it becomes available, and will extend the deadline for submission of the APR accordingly. Thank you for your patience.

The QPR is not affected, and is still due on Friday, October 14<sup>th</sup>.
