

HPRP APR Question and Answer Sessions **Monday, January 10th and Friday, January 14th, 2011**

On Monday, January 10th from 2pm-3 pm (EST) and Friday, January 14th from 12pm-1pm (EST), HUD and National TA provider staff will host a conference call to answer questions for HMIS vendors about:

- HPRP APR
- HPRP Programming Specifications
- APR Report Generation Tool
- APR Aggregation Tool

HUD is providing this conference call for vendors so that they have the information required to ensure that their HMIS applications correctly generate the HPRP APR. The conference calls are limited to HMIS vendors and are designed to provide a less formal way to answer vendors' questions immediately, because the deadline for HPRP grantees to submit the HPRP APR is January 19th. This is also an opportunity for a discussion with HUD HPRP staff, TA providers, and other vendors about the HPRP APR.

Registration is required to participate on the call. To maximize the value of the call, please provide your questions when registering. Please use the links below to register for one or both of the calls:
