

NEW HPRP RESOURCES NOW ON HUD HRE

HUD has posted several new resources for HPRP grantees and subgrantees on the HUD Homelessness Resource Exchange.

HPRP Year 1 Summary

In conjunction with the [Annual Homeless Assessment Report \(AHAR\)](#) to Congress that HUD released this week, which contains a chapter on HPRP for the first time, HUD has prepared a brief national summary on the first year of HPRP. The report summarizes data from the Annual Performance Reports, and also highlights some of the positive impacts that HPRP has had on individuals and communities. It notes areas where more data and analysis is needed to more fully understand how communities are using HPRP. This summary can also help grantees to compare local performance outcomes to those of the nation to advise local decisions.

The [HPRP Year 1 Summary](#) is now available on the HRE at: http://www.hudhre.info/documents/HPRP_Year1Summary.pdf. The AHAR can be viewed by going to the “What’s New” section of the HRE, at www.hudhre.info.

IDIS Online: Tools For HPRP Financial Management

Audience: HPRP grantee program managers, financial managers and staff, and other grantee staff responsible for IDIS draws, reporting, and meeting the HPRP expenditure deadlines.

HUD has produced new written guidance intended to help HPRP grantees use IDIS reports to monitor and evaluate their HPRP financial and program performance. This document progresses from introducing and describing IDIS reports to detailing their functionality. It provides grantees with different ways to use IDIS data to evaluate their HPRP programs and expenditures.

Topics include:

- HPRP-Specific Reports (PR61 and PR60)
- Analyzing the status of an HPRP grant
- Using IDIS for organizational (grantee or subgrantee) and activity-level analysis
- Using IDIS for an analysis of draw-down transactions and reconciliation with other reports
- Tips on how to run IDIS Reports

The [IDIS Online: Tools For HPRP Financial Management](#) document is now available on the HRE at http://www.hudhre.info/documents/HPRP_IDISOnlineReports.pdf.

This document is a companion to the Webinar entitled: IDIS Online: A Tool for HPRP Financial Management that was held in March 2011. HPRP grantees may find it helpful to review the webinar materials with this document, located at:
