

# American Recovery and Reinvestment Act Homelessness Prevention and Rapid Re-housing Program

## Roundtable Discussions

### 2009 REGIONAL HPRP TRAINING

Sponsored by:

Office of Special Needs Assistance Programs (SNAPS)  
U.S. Department of Housing & Urban Development

# Program Development and Implementation

2

- What are some of the key components of planned HPRP activities in your community?

# Program Development and Implementation

3

- What design elements can you share with the group?

# Program Development and Implementation

4

- How are re-housing activities fitting into your existing continuum of services?

# Program Development and Implementation

5

- What do prevention services look like in your community?

# Collaboration Models

6

- How have you collaborated with other Recovery and Reinvestment Act programs in your community?

# Collaboration Models

7

- What are some of the challenges your collaborative group has faced in planning out services for the next few years?

# Collaboration Models

8

- How are you coordinating prevention and re-housing programs with other emergency assistance agencies? With mainstream service programs?

# Targeting Participants

9

- How is your community planning to target program participants?
- How are you distinguishing the target population from other populations you may be serving, such as the chronically homeless?

# Targeting Participants

10

- What risk factors are you planning to use to determine eligibility?

# Data Collection/Reporting

11

- What do you anticipate as changes to current data collection practices?
- Do you anticipate challenges with required reporting?

# Additional Items to Consider

12

- How are Recovery Act programs being received in your community?
