Building the Bridge: HPRP to ESG

May 22, 2012

3:30 – 5:00 PM ET

Many communities are closing out their Homelessness Prevention and Rapid Re-Housing Program (HPRP) and beginning to implement the Emergency Solutions Grants (ESG) Program under the Interim Rule. Now is the time to leverage existing resources (and capacities) from HPRP to ensure a smooth transition to ESG. This webinar applies lessons learned from HPRP toward the implementation of ESG. Understanding the overlapping goals and programmatic details of the two programs helps jurisdictions identify where to focus planning to ensure a successful transition.

Register Now

NOTE: If you were registered for the originally scheduled April 10th webinar, please re-register for this webinar.

Please note that webinar participation is limited to the first 1,000 attendees and registration does not guarantee participation. If numerous people from your organization are interested, please consider registering once and viewing the webinar together.

HUD's Office of Special Needs Assistance Programs (SNAPs) sponsors the ***Ready, SET, Go!*** webinar series. HUD records all ***Ready SET Go!*** webinars and makes these webinar presentations and accompanying materials available on the [Homelessness Resource Exchange](#) (HRE).
