Determining Homeless and At-Risk Status, Income and Disability

December 13, 2011

3:30 – 5:00 PM ET (90 minutes)

This webinar will provide a comprehensive introduction to HUD's Homeless Definition Final Rule and the new at-risk of homelessness definition included in the Emergency Solutions Grants (ESG) Program Final Rule. These definitions must be adhered to when screening potential participants for ESG assistance, as well as assistance provided by HUD Supportive Housing Program (SHP) and Shelter Plus Care (S+C) program recipients with new or renewal projects starting on or after 1/1/2012.

The webinar will review how to determine housing status (homeless, at-risk of homelessness), income and disability, as well as a general review of related record-keeping requirements and documentation standards. This webinar will NOT cover details specific to potential participant eligibility under each ESG component or to SHP or the S+C program, nor the specific documentation requirements related to each housing status and income type. More detailed training on documentation requirements will be covered during a later webinar.

Webinar is limited to 1,000 participants. There are no pre-requisites for this webinar.
