**Introduction to the Continuum of Care Check-up**

**November 8, 2011 3:30 – 4:30 PM EDT**

The Continuum of Care (CoC) Check-up is a new process designed by HUD to help CoCs determine their current capacity and performance and the degree to which CoCs are prepared for HEARTH implementation. Using a self-administered on-line tool, the CoC Check-up helps CoCs to rate their proficiency across various functional domains and indicators, examine CoC trend data contained in the Homelessness Data Exchange (HDX), and establish a CoC Action Plan to guide capacity and performance improvements. This webinar will provide an overview of the CoC Check-up process, timeline, and related instructions to initiate the CoC Check-up process.
